### Ad Hoc Committee Proposed Group Norms

Meeting norms have been developed by the Committee with a shared sense of responsibility. Our norms will leverage the skills and perspectives of all participants to promote inclusivity. The intent of these norms is to create a space for different learning and communication styles to actively engage and participate.

#### **NORMS:**

- 1) Lead with racial and geographic equity at the forefront of all decisions.
- 2) Be present during our time together. Cameras remain on throughout the meeting. Turning off your camera indicates that you have stepped away from the computer.
- 3) Respect for those who are presenting, speaking and sharing. Use the 'raise your hand' function to speak.
- 4) Come prepared to discuss topics & issues outlined on the agenda. Review all group documents prior to the start of each meeting. Meeting materials are due to Council office staff by Mondays at 12:00 p.m.
- 5) Communication with the Committee is facilitated through Council staff.
- 6) Committee members represent a specific agency/jurisdiction and are responsible for providing updates, information, and communication back to their respective communities.
- 7) Committee members represent the views of their respective organizations, not their own personal views.
- 8) Consensus on decisions will be reached through a voting process.
- 9) Committee members will notify either Joseph van Dyk or Heather Moss in the event that they are unable to attend a meeting.
- 10) Meetings are held in an environment with shared power and decision-making.
- 11) Meetings will start and end on time.
