

AGENDA

LOGIC & ACCURACY TEST

August 1, 2023 Primary Election
Date Conducted: July 17, 2023, 8:30 a.m.

- 1 Introduction and welcome
- 2 Purpose of testing
- 3 Summary of testing
- 4 Demonstration of accessible ballot marking device
- 5 Run test ballots and compare to expected results
- 6 Certification of voting equipment
- 7 Closing remarks

WELCOME & INTRODUCTIONS

KYLE HAUGH, ELECTIONS MANAGER

CORBIN ENSMINGER, ELECTIONS SUPERVISOR

PIERCE COUNTY STAFF

Brad Pearsall

Amy Geisen

Mike Fitta

PURPOSE OF TEST

The purpose of this test is to ensure the entire tabulation system is functioning properly and fully prepared for the counting and tabulation of results on Election Day. The test is required by RCW 29A.12.130 and WAC chapter 434-335.

The Clear Access and Clear Count system has been prepared and fully tested in accordance with state law. Today, we will perform a full test of the tabulation system, tabulating votes marked on ballots printed by our vendor, ballots produced by the ballot on demand system, and ballots generated by the Clear Access units. Results will be compared to the expected results to ensure proper tabulation.

Today's Logic and Accuracy testing will be performed for each ballot style using the marking pattern as prescribed in WAC Chapter 434-335 and approved by the Office of the Secretary of State.

This official Logic and Accuracy Test is open to observation pursuant to state law.

SUMMARY OF TESTING TO DATE

The pre-testing of the ballots was as follows:

- One ballot from each ballot type was marked for the first position in each race.
- One ballot from each ballot type was marked for the second position in each race.
- A test deck was marked for varying positions in each race.

Ballot test decks were run through the Clear Count scanners to ensure that each ballot type was properly read by the system. Tests ensured that each ballot was counted and tabulated into the correct precinct.

Each accessible ballot marking device has been set-up and tested. A ballot was marked and printed on each device and the ballot is included in today's test.

Version numbers and hash checks of certified software were verified.

TEST OF ACCESSIBLE BALLOT MARKING DEVICES (CLEAR ACCESS UNITS)

Purpose of Test

To demonstrate the equipment's ability to function as an accessible ballot marking device for the purpose of marking and printing a ballot. State law requires the equipment to be available for voting in Election Offices eighteen days prior to the election.

Test Plan Description

One ballot will be selected at random from the testing deck. The selected ballot will be duplicated using a Clear Access unit. The ballot will be compared to verify accuracy and the machine-marked ballot will be reintroduced to the deck. This same procedure was performed on the other machines certified for use in this election.

TEST OF CLEAR COUNT SCANNERS AND RESULTS REPORTING

Purpose of Test

To demonstrate the equipment's ability to scan and tabulate ballots.

Test Plan Description

The test deck was marked according to the attached expected results.

A zero report will be printed.

A group of ballots will be scanned on each scanner. The server will merge and tabulate the images from each scanner. A summary report will be printed and expected results will be verified.

Ballots containing overvotes and undervotes are included in the test deck.

CERTIFICATION OF VOTING EQUIPMENT

Complete Logic and Accuracy Addendum verifying version numbers.

Complete Logic and Accuracy Certificate.

All Logic and Accuracy documents and test ballots will be sealed and archived with the Election.

2023 Primary Election

Blank Ballot

Notes:

The logic and accuracy matrix is designed using instructions found in WAC 434-335-323.

Card style refers to an individual ballot style that has a unique set of races on it. One card style

This matrix is used to determine the expected results for the logic and accuracy test.

STATE OF WASHINGTON

CERTIFICATION

Voting System Logic and Accuracy Test
August 2023 Primary
Per RCW 29A.12.130

We, the undersigned, have observed the official Logic and Accuracy test of the vote tallying program of **Pierce County** for the Primary to be held August 1, 2023. This test was conducted by the Pierce County Auditor's Office for the Secretary of State's Office in accordance with RCW 29A.12.130.

We certify that the computer programs, test ballots and printed results of the test have been secured. If any changes are made to the computer programming following this test, another logic and accuracy test shall be conducted pursuant to WAC 434-335-310 and WAC 434-335-330.

Seal Number 000751

Signed, this 17th day of August, 2023
