

Pierce County Board of Equalization and Assessor- Treasurer

Appealing Your Assessed Value

Some quick notes

- This document is not intended to give you legal advice, but only to assist you through the appeal process. Should you have questions of a legal nature, you are encouraged to contact an attorney.
 - You must file your appeal by the filing deadline in order to preserve your right to appeal. If an appeal has not been filed, opportunities for an assessment correction become limited.
 - Contact information will be given at the end of the presentation. You may contact the Assessor-Treasurer's office or the Board of Equalization with any questions.
-

Assessment References

“All property must be valued at one hundred percent of its true and fair value in money and assessed on the same basis unless specifically provided otherwise by law”. Revised Code of Washington (RCW) 84.40.030

“All real property in this state subject to taxation shall be listed and assessed every year, with reference to its value on the first day of January of the year in which it is assessed”. RCW 84.40.020.

Assessment References

“The Assessor shall also complete the duties of listing and placing valuations on all property by May 31st of each year, except that the listing and valuation of construction and mobile homes under RCW 36.21.080 and 36.21.090 shall be completed by August 31st of each year, and in the following manner, to wit:” RCW 84.40.040

- This is important because once the roll is closed and the assessed values are certified; the Assessor has no authority to make changes to those values except under certain circumstances.
- Only the Board of Equalization, the State Board of Tax Appeals or the courts can direct the Assessor to change the assessed value after the rolls have closed.

What is a Value Change Notice?

Your Value Change Notice is the green or yellow card sent each year to alert you to the value that will be used to calculate the property tax for the following year.

- Value Change Notices are mailed in late June or early July after the close of the assessment rolls.
- Every taxpayer in the county receives a notice whether their value has changed or not.
- An additional mailing takes place in late September or October to include all new construction picked up through August.

I Received My Value Change Notice...now what?

We recommend confirming your property characteristics first before filing an appeal. Collecting and maintaining accurate descriptions on over 320,000 properties is a monumental task. Many of our appeals are solved with a simple data correction.

- Visit the Assessor's website at www.piercecountywa.org/atr.
- Access your property characteristics using the "Property Tax and Value Search" in the center of the screen.
- Enter your parcel number (10 digit number from your Value Change Notice) or your address and select search.
- Select your parcel highlighted in blue to link to your Property Profile.

I Received My Value Change Notice...now what?

- Review your property information on the “Land” and “Buildings” tab for accuracy.
- If you find any error call the Assessor’s customer service team at 253.798.6111. They will connect you to someone on the appraisal staff to address your concern.

Note: Unless you are certain the Assessor has addressed your issue, you should file an appeal prior to the filing deadline. Once the appeal period passes there are limited avenues for correcting an assessment.

My property characteristics appear correct

If you are unable to find an error causing an overvaluation; the next step is to see if it is appropriate to file an appeal.

An important question to ask yourself is “can I sell my property for the assessed value or higher”? If your answer is yes, then the property is properly assessed based on the law that states the Assessor must assess all properties at 100% of their true and fair value.

If your answer is no, then the remainder of these instructions will help you fill out the appeal form and find evidence to support your appeal.

Appealing Your Assessed Value

If you have decided to file an appeal, you must do so on forms approved by the Washington State Department of Revenue. You will need to file by July 1st of the current assessment year, or within 60 days of the date of the mailing of the Value Change Notice, whichever is later (RCW 84.40.038). **The deadline to appeal is on the front of your Value Change Notice.**

There are very few circumstances when the Board may allow a late filing. To find out more contact the Clerk of the Board of Equalization.

Starting the appeal process

- Where do I find the appeal forms?
- Online at www.piercecountywa.org/boe
- On the Assessor-Treasurer's website at www.piercecountywa.org/atr
- By calling the Clerk of the Board of Equalization at 253.798.7415
- Picked up at either the Assessor-Treasurer's office or the Board of Equalization. Both are located at 2401 S 35th, Tacoma, WA 98409

Supplying Additional Evidence

If you have other evidence such as an appraisal or market analysis, include that information with your petition.

For commercial properties you must include copies of income and expense information for the prior two years and, if applicable, rent rolls or lease agreements.

You can also support your opinion of value by providing “cost to cure” information. This may be contractor bids or estimates of cost to repair building or land defects; letters or documents describing easements that impact value, wetland studies, access limitations, building restrictions, etc.

Ready to Deliver

- You have filled out the form completely, found comparable sales, cost to cure bids or other market data.
- Be sure to include your name and parcel number on any evidence you submit.
- Include a copy of your notice of value change with the Taxpayer Petition.
- You can mail or hand deliver your petition to:
 - The Pierce County Board of Equalization, 2401 S 35th ST, Room 176, Tacoma WA 98409

What happens now?

- You may be contacted by an appraiser from the Assessor's office to schedule an inspection of the property in question.
- Sometimes values are agreed upon by both parties and a hearing becomes unnecessary. An appraiser will contact you if an adjustment is warranted and they will process a stipulation if both parties agree.
- If an agreement can't be reached; you will receive a copy of the Assessor-Treasurer's response at least 21 business days prior to your hearing date.
- If you intend to provide additional evidence after you have filed your appeal, it must be received **at least 21 business days prior to your hearing.**

The Hearing

- The hearing is informal and allows taxpayers to represent themselves before the Board of Equalization
- If you check the box that you wish to appear on the appeal form, both you and the Assessor's representative (if present) will be given the opportunity to give testimony under oath. You may cross examine and rebut evidence.
- If you check the box that you don't wish to appear the Board will make a decision based on the written evidence submitted by both parties.
- The Board will notify both parties in writing of their determination within 45 days of the hearing.

Important information

The appeal process takes time and if your property taxes come due while you are waiting for your hearing or the determination, you must pay them. You do not want to accrue interest and penalties. Having a property under appeal is not a valid reason for missing your property tax payment deadline.

If the Board lowers your value the tax owed will be adjusted or a refund will be issued.

Once You Receive a Determination

- If you do not agree with the Board's decision, you can appeal to the State Board of Tax Appeals (BTA). If the Assessor's office does not agree, they can also appeal to the BTA.
- If you appeal at the BTA, you should file a new appeal each year at the Board of Equalization and again to the BTA until the State issues a decision. Recently the BTA has been taking 2-4 years to hold a hearing and each assessment year stands alone. If the State lowers your assessment, it does not apply to the subsequent assessment year(s).
