

APPRAISER 2

Department: Assessor-Treasurer
Job Class #: 870700
Pay Range: Professional 06

FLSA: Non-Exempt
Represented: Yes

Classification descriptions are intended to present a descriptive list of the range of duties performed by employees in this class and are not intended to reflect all duties performed within the job.

GENERAL FUNCTION: This is technical work in the appraisal of real and/or personal property to establish fair and equitable market value using methods prescribed by the appraisal profession, including Mass Appraisal modeling. An employee in this class is responsible for performing a variety of duties associated with the application of complex and diverse assessment techniques. Employees at this level are accountable for the accuracy and consistency of property values and must exercise independent judgement with regard to appraisal of a controversial nature.

SERIES CONCEPT: Work in this class is distinguished from the Appraiser 1 level by a higher degree of independent functioning and use of independent judgment and greater depth of responsibility required in appraisal.

ESSENTIAL FUNCTIONS

- Responsible for Mass Appraisal of properties that could include real and/or personal property.
- Select and apply any combination of complex appraisal techniques applicable and necessary to the accuracy and defensible determination of property values.
- Responsible for gathering and verifying land and building characteristic data, including quality of workmanship and materials and its amenities in relation to surrounding properties.
- Perform extensive research and analysis of sales.
- Gather and analyze income and expense data on income producing properties.
- Accurately record data on field record forms.
- Accurately draw scale plans of buildings using current office software.
- Prepare and present evidence of fair market value for hearings before the County Board of Equalization and State Board of Tax Appeals and may attend hearings to present data documenting the appraisal process; and may testify as a fact and/or expert witness on behalf of the Assessor-Treasurer's Office for administrative and court cases on valuation issues..
- Respond to inquiries from the public regarding appraisal and assessment procedures.
- Establish and maintain effective working relationships with County officials, employees and the general public.
- Maintain regular, predictable and punctual attendance during regularly scheduled work hours at assigned worksite.
- Meet travel requirements of the position.
- Perform the physical requirements of the position; work within the established working conditions of the position.
- Work a flexible schedule, which may include evenings, weekends, holidays and overtime.

OTHER JOB FUNCTIONS *continued:*

- When assigned to the Statistical section, help establish land rates for residential and commercial property using market modeling.
- When assigned to the Personal Property Section, perform accounting and auditing procedures relating to personal property assessments, audits complex and multi-faceted financial records.
- May assist in the mentoring or training of subordinate appraisal staff.
- May review appraisal assignments completed by subordinate appraisers.
- May assist in development, testing, and with the implementation of Mass Appraisal models.
- May perform duties of Appraiser 1 and/or provide assistance and direction to other appraisal or team members.
- Perform related job functions as required by the Assessor-Treasurer.

SUPERVISION RECEIVED AND EXERCISED: Work is performed under general supervision, and is reviewed by higher level supervisor for adherence to program standards and procedures, and for soundness of judgment. This position does not supervise but may assist in the mentoring or training of subordinate appraisal staff.

WORK ENVIRONMENT: The working environment described herein is representative of those that must be met by an employee to successfully perform the essential functions. The Appraiser 2 performs appraisals throughout the Pierce County region. Field and office work is required on a routine basis. Travel by vehicle or on-foot is required, and may be over all types of terrain, including that which is uneven, steep, slippery, wet, icy or muddy. Field work sites may include homes and/or buildings in various stages of construction, deterioration or disrepair, at construction sites and in remote locations. Work schedules may require the incumbent to work a flexible schedule, holidays, weekends and may require reporting to work in the event of emergency. Work may be subject to frequent contact with hostile property owners, builders and developers.

PHYSICAL REQUIREMENTS: The physical demands described herein are representative of those that must be met by an employee to successfully perform the essential functions. Physical activities required are finger dexterity necessary to operate equipment used in the position, talking, seeing and hearing. Other physical requirements include walking, sitting, balancing, climbing, kneeling, bending, stooping, crouching, extensive reaching, pushing/pulling, unassisted lifting and/or carrying of lightweight equipment, and adequate vision and manual dexterity required to make drawings and sketches. Travel to various work sites throughout the region may be required. Work under stress and pressure conditions during an emergency may be required.

KNOWLEDGE, SKILLS AND ABILITIES

Knowledge of:

- Real estate appraisal principles, procedures, laws and regulations.
- County building codes, regulations, ordinances, and zoning codes.
- Modern developments, current literature and sources of information in the field of appraisals.
- Assessment, appraisal software and tax computer assisted mass appraisal (CAMA) systems and current office software programs.
- Accounting and auditing practices and procedures relative to commercial, industrial, statistical, and/or personal property appraisal.
- Principles and methodologies of statistical analysis.
