**MEMORANDUM**

TO: All Pierce County EMS Agencies

FROM: Clark M. Waffle, M.D., M.P.D. 

RE: Utilization of WATrac

On July 5<sup>th</sup> all hospitals in Pierce County will be utilizing WATrac to disseminate information regarding the emergency departments. They will be putting standardized information into WATrac. All EMS agencies should start accessing WATrac for that information to expedite patient transportation. It is anticipated that field personnel will have this information when they contact the Receiving and/or Base Station Hospitals with their reports.

If there is any concern or difficulty with the new use of the WATrac, please contact me at your earliest convenience.
