EXPECTED TERM OF RESULTING AGREEMENT

The expected term of the initial contract will be 12 months with up to four optional annual renewals.

GENERAL INFORMATION

Pierce County is the second largest county in the State of Washington. The County operates two full-service detention facilities, one for adult offenders and one for juvenile offenders. Each is described below:

Pierce County Jail for Adult Offenders (PC Jail)

Pierce County operates a jail facility for a full capacity of 1,296 adult inmates. Inmates are served three meals per day that meet the National Commission on Correctional Healthcare standards. Meals are also provided for Correction Deputies. Food service in the PC Jail facility is currently provided by a contract vendor.

The PC Jail consists of two facilities. The Main Jail has an average population of 577 and the New Jail has an average population of 521.

The PC Jail provides inmate workers (10 to 1) for each supervisor for the New Jail kitchen and if they move from one room to another they are required to have a second supervisor for escorting between the rooms.

Pierce County Juvenile Court (Remann Hall)

Pierce County Juvenile Court operates a detention facility that has a maximum capacity of 101 rooms (107 stationary beds), however, the average daily population has been approximately 27 for the first quarter of 2018. The kitchen facility is located outside of secure detention and staff has the responsibility of preparing meals for the detained youth, the Juvenile Detention staff, youth attending Day Reporting School (school days), the Alternative Detention Program (weekends) and volunteers.

Current operations involve the preparation of approximately 104 inmate and 30 staff meals per day. The cooks prepare and dish up the meal on the covered warming trays then secure the trays to the cart. They call the Detention Supervisor to indicate that the meal is ready and a Juvenile Detention Officer goes to the kitchen and picks up the cart. Officers walk through the security sliders and down the hallway; they unload the big cart onto smaller carts that are then pulled into the individual units.

Once the meal is complete the Juvenile Detention Officer will reverse the process and return the dirty, used trays to the kitchen. The cook(s) unload the cart, wash and clean up everything in preparation for the next meal. In addition to providing food service to legally detained youth in secure detention, Remann Hall staff also provide breakfast and lunch at the facility to youth in the Day Reporting School and in the Alternative Detention programs. Based on the daily student population count, the cook(s) prepare serving line trays for the youth. These students carry the tray into the cafeteria, consume the meal and return the tray to the dishwashing station.

DESCRIPTION OF PROJECT

Pierce County seeks a full-service food program for both the PC Jail and Remann Hall. The PC Jail serves meals to incarcerated adults and Corrections Deputies. Remann Hall serves meals to detained youth, juvenile detention staff, students attending the Day Reporting School, youth enrolled in the weekend alternative detention programs.

Both facilities have fully equipped and fully functional kitchens and the successful vendor will provide proposals for the following scenario:

Provision of food service to both facilities using contract staff **only** with food prepared in each facility to feed their perspective populations. This requires the contractor to staff two food operations; one in the PC Jail and the other in Remann Hall...

SCOPE OF WORK

Operational Requirements:

The meals will be prepared on-site by Contractor and served by the cook/serve method utilizing kitchen trays. The kitchen staff prepares three meals per day for both adult and juvenile inmates and detention staff. The meals for PC Jail inmates total approximately 3700 per day and 357 staff meals. In addition, juvenile detainees will get two snacks per day. Meals are prepared in the kitchens by the Contractor and transported by County employees to the units.

Meals that are prepared and served to the Day Reporting School youth and volunteers are done by serving them cafeteria-style on kitchen trays. The youth carry the tray into the cafeteria, consume the meal and return the tray to the dishwashing station. The Alternative Detention Program youth are provided sack lunches.

As part of the labor contractor the adult detention deputies in the PC Jail and the detention officers at Remann Hall are provided one meal per shift (days, swings, graveyard) while performing their normal County duties.

Neither facility has control over when nor how many detainees are brought to booking so a sufficient stock of meals must be available for these unplanned changes to any proposed meal count. Average bookings per day for PC Jail is 52 and Remann Hall 3.

Estimate of Number of Meals Served per Year:

PC Jail – In 2017 and in 2018 year-to-date (August) 2,256,314 meals were served to inmates and 158,623 to staff. Meals are served in two connected facilities (Main and New Jail). The kitchen is located in the New Jail. The average number of meals served per day is 4400.

Remann Hall - In 2017 and in 2018 year-to date, 60,987 meals were served to detainees. Staff meal count per day is 30. The average number of juvenile meals per day is 104.

Nutritional Requirements:

Meals served to the adult population must meet the nutritional requirements prescribed by the National Commission on Correctional healthcare (N.C.C.H.C.) and have a caloric daily count total of 2,600. Inclusion of the calorie count cannot include filler calories (butter, sugar, etc.).

Meals served to the juvenile population must meet the specific requirements under the Child Nutrition Program administered by the Office of Superintendent of Public Instruction (OSPI). This would include all the required documentation as juvenile court is subject to program audits. The meals and preparation must be in compliance with the nutritional and caloric county guidelines that are set forth by OSPI. These are subject to change at any time.

For both adult and juvenile populations any requests requiring dietary needs (food allergies, special diets, and religious requirements) must be accommodated.

Quality Assurance

All proposals must include mechanisms to assure that safe and wholesome products are supplied. An outline of a proposed quality assurance program must accompany the proposal. Additionally, the proposal must include the plans to utilize available low and/or no cost commodities which are available to the facility based on population census.

Please include in your proposal the following:

- Copies of policies and procedures developed to assure safe and effective provision of services in a detention facility.
- Procedures of preparing meals with dietary requirements.
- Sample production sheets, recipes, and forms used to assure that meals are safe and nutritious. - Plans that include testing for safe delivery temperatures for hot food.
- Documentation of standards that address successful completion of site inspections performed by the Tacoma/Pierce County Health Department or OSPI. This would include such things as:

 - Using and calibrating thermometers
 - Using suitable utensils when handling ready-to-eat foods
 - Holding hot and cold potentially hazardous foods
 - Reheating potentially hazardous foods.

Experience:

The contractor must have experience providing food service with the same or similar accommodations as those required by the County. All services proposed must have been provided by the vendor to other facilities and must be already in use in other jurisdictions.

- PC Jail will provide sample invoices for past services (see attached).
- It is up to the contractor to provide staff and inmates special menus on holidays. It is not a requirement. There have been special meals provided by the current vendor for Thanksgiving and Christmas. In the past the inmates received a hot lunch and sack dinner on holidays as the kitchen staff can leave early.
- The staff are allowed one portion per shift.
- Current menu for staff dining is attached.
- In the PC Jail there is one cart per cluster/unit: Main Jail 9 clusters/New Jail 8 units.
- Two to three carts can fit on an elevator.

- All officer dining meals per day are the same menu.
- Inmate labor is used for preparation or service of meals or washing staff plate's utensils in the PC Jail.
- Additional cost for medical diets should be included in the cost per meal.
- Holiday and monotony breaker meals are served to inmates and the County pays for these.

The Contractor shall comply with the provisions of Exhibit "C", attached hereto, titled "Contract Compliance For Professional, Technical, Supply or Services".

5. Independent Contractor:

The Contractor's services shall be furnished by the Contractor as an independent Contractor and nothing herein contained shall be construed to create a relationship of employer-employee or master-servant, but all payments made hereunder and all services performed shall be made and performed pursuant to this Agreement by the Contractor as an independent Contractor.

The Contractor acknowledges that the entire compensation for this Agreement is specified in Exhibit "B" and the Contractor is not entitled to any County benefits including, but not limited to: vacation pay, holiday pay, sick leave pay, medical, dental, or other insurance benefits, or any other rights or privileges afforded to Pierce County employees. The Contractor represents that he/she/it maintains a separate place of business, serves clients other than the County, will report all income and expense accrued under this contract to the Internal Revenue Service, and has a tax account with the State of Washington Department of Revenue for payment of all sales and use and Business and Occupation taxes collected by the State of Washington.

Where required by State or Federal law, the Contractor authorizes the County to make withholding for any taxes other than income taxes (i.e., Medicare). All compensation received by the Contractor will be reported to the Internal Revenue Service at the end of the calendar year in accordance with the applicable IRS regulations. It is the responsibility of the Contractor to make the necessary estimated tax payments throughout the year, if any, and the Contractor is solely liable for any tax obligation arising from the Contractor's performance of this Agreement. The Contractor hereby agrees to indemnify the County against any demand to pay taxes arising from the Contractor's failure to pay taxes on compensation earned pursuant to this Agreement.

The County will pay sales and use taxes imposed on goods or services acquired hereunder as required by law. The Contractor must pay all other taxes including, but not limited to: Business and Occupation Tax, taxes based on the Contractor's gross or net income, or personal property to which the County does not hold title. The County is exempt from Federal Excise Tax.

8. Regulations and Requirement:

This Agreement shall be subject to all laws, rules, and regulations of the United States of America, the State of Washington, and political subdivisions of the State of Washington, and to any other provisions set forth in Exhibit "D."

9. Right to Review:

This contract is subject to review by any Federal or State auditor. The County or its designee shall have the right to review and monitor the financial and service components of this program by whatever means are deemed expedient by the Contracting Officer. Such review may occur with or without notice, and may include, but is not limited to, on site inspection by County agents or employees, inspection of all records or other materials which the County deems pertinent to the Agreement and its performance, and any and all communications with or evaluations by service recipients under this Agreement. The Contractor shall preserve and maintain all financial records and records relating to the performance of work under this Agreement for 3 years after contract termination, and shall make them available for such review, within Pierce County, State of Washington, upon request.

10. Modifications:

Either party may request changes in the Agreement. Any and all agreed modifications shall be in writing, signed by each of the parties.

11. Termination for Default:

If the Contractor defaults by failing to perform any of the obligations of the contract or becomes insolvent or is declared bankrupt or commits any act of bankruptcy or insolvency or makes an assignment for the benefit of creditors, the County may, by depositing written notice to the Contractor in the U.S. mail, postage prepaid, terminate the contract, and at the County's option, obtain performance of the work elsewhere. If the contract is terminated for default, the Contractor shall not be entitled to receive any further payments under the contract until all work called for has been fully performed. Any extra cost or damage to the County resulting from such default(s) shall be deducted from any money due or coming due to the Contractor. The Contractor shall bear any extra expenses incurred by the County in completing the work, including all increased costs for completing the work, and all damage sustained, or which may be sustained by the County by reason of such default.

If a notice of termination for default has been issued and it is later determined for any reason that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to the Termination for Public Convenience paragraph hereof.

12. Termination for Public Convenience:

The County may terminate the contract in whole or in part whenever the County determines, in its sole discretion, that such termination is in the interests of the County. Whenever the contract is terminated in accordance with this paragraph, the Contractor shall be entitled to payment for actual work performed at unit contract prices for completed items of work. An equitable adjustment in the contract price for partially completed items of work will be made, but such adjustment shall not include provision for loss of anticipated profit on deleted or uncompleted work. Termination of this contract by the County at any time during the term, whether for default or convenience, shall not constitute a breach of contract by the County.

13. Defense & Indemnity Agreement:

The Contractor agrees to defend, indemnify and save harmless the County, its appointed and elected officers and employees, from and against all loss or expense, including but not limited to judgments, settlements, attorney's fees and costs by reason of any and all claims and demands upon the County, its elected or appointed officials or employees for damages because of personal or bodily injury, including death at any time resulting therefrom, sustained by any person or persons, and for damages to property including loss of use thereof, whether such injury to persons or damage to property is due to the negligence of the Contractor, his/her Subcontractors, its successor or assigns, or its or their agent, servants, or employees, the County, its appointed or elected officers, employees or their agents, except only such injury or damage as shall have been occasioned by the sole negligence of the County, its appointed or elected officials or employees.

The preceding paragraph is valid and enforceable only to the extent of the Contractor's negligence where the damages arise out of services or work in connection with or collateral to, a contract or agreement relative to construction, alteration, repair, addition to, subtraction from, improvement to, or maintenance of, any building, highway, road, railroad, excavation, or other structure, project, development, or improvement attached to real estate, including moving and demolition in connection therewith, a contract or agreement for architectural, landscape architectural, engineering, or land surveying services, or a motor carrier transportation contract and where the damages are caused by or result from the concurrent negligence of (i) the County or its agents or employees, and (ii) the Contractor or the Contractor's agents or employees."

14. Insurance Requirements

The insurance coverages specified in this paragraph (14.) are required unless modified by Attachment A of this agreement. If insurance requirements are contained in Attachment A they take precedence

The Contractor shall, at the Contractor's own expense, maintain, with an insurance carrier authorized or eligible under RCW Chapter 48.15 to do business in the State of Washington, with minimum coverage as outlined below, commercial automobile liability insurance, and either commercial general liability insurance, or, if any services required by the contract must be performed by persons authorized by the State of Washington, professional liability insurance:

<u>Commercial Automobile Liability</u>	Bodily Injury Liability and Property Damage Liability Insurance \$1,000,000 each occurrence <u>OR</u> combined single limit coverage of \$2,000,000, with not greater than a \$1000.00 deductible.
<u>Commercial General Liability</u>	Bodily Injury Liability and Property Damage Liability Insurance \$1,000,000 each occurrence <u>OR</u> combined single limit coverage of \$2,000,000, with not greater than a \$1000.00 deductible.
<u>Professional Liability Insurance</u>	Shall include errors and omissions insurance providing \$1,000,000.00 coverage with not greater than a \$5,000.00 deductible for all liability which may be incurred during the life of this contract.

Pierce County shall be named as an additional insured on all required policies except professional liability insurance, and such insurance as is carried by the Contractor shall be primary over any insurance carried by Pierce County. The Contractor shall provide a certificate of insurance to be approved by the County Risk Manager prior to contract execution, which shall be attached to the contract.
