Post Election Audit	
<p>Per RCW 29A.60.170(4) a random audit of batches is required. On November 5, 2019 the political party observer coordinators requested the required audit of ballots be conducted for the Initiative Measure 976. Our system uses five digital scanners and one central count server. A random batch from each scanner was drawn, hand tallied, and compared to the machine report. All results of the hand tally for the chosen race matched the machine report.</p>
