Present

Shining a Light on the Probate Bogeyman **CLE and Community Workshop**

Presented by:

Erik Walters

Attorney

Partner, Harlowe & Falk LLP

Shrouded in plenty of mystery and misinformation, “probate” can conjure up unsettling images of endless court proceedings, exorbitant legal fees, and embattled heirs.

Learn how to avoid probate.

If you must probate, we will discuss probate alternatives and procedures

We will also discuss common concerns:

- I want to control who makes decisions for my children as they grow up.
- I want to transfer my property before death.
- I worry that all my money will go to pay death taxes and attorney fees.
- You ask your questions!
