

Pierce County iCare Bags

The Covid-19 Virus has disrupted food supplies throughout our nation. Due to the unavailability of many iCare menu items, the Pierce County Jail has made the difficult decision to temporarily suspend the iCare program until further notice.

Commissary purchases are still available to your friends and family. Commissary spending limits have been temporarily increased by \$50 to offset the interruption of iCare.

You can continue to deposit funds to your friend's and family's accounts for commissary purchases through TouchPay.
