

**PIERCE COUNTY LEOFF 1 DISABILITY BOARD
ERECTILE DYSFUNCTION PRESCRIPTION DRUG POLICY**

Updated FEBRUARY 2016

Claims for payment of up to a total of one hundred (100) units/dosages of prescribed class drugs (i.e. Viagra, Cialis, Levitra) per calendar year period may be honored by LEOFF 1 employers under the jurisdiction of the Pierce County LEOFF Disability Board. Payment of such claims is subject to the following criteria:

- The prescription drug, as described above, will be allowed when prescribed for a member by his/her attending physician.
- Claims must be filed with the member's employer or the employer's insurance carrier.
- Claims must be submitted within six months of filling the prescription, or as directed by the employer's insurance carrier.
- Claims must reflect the difference between the cost of the prescription and the amount covered by insurance, if any.

As in all other such matters, disputed claims may be submitted to the Board for consideration and appropriate action.
