

## EXPLANATORY STATEMENT

Voters in the Town of Carbonado have supported Emergency Medical Services (EMS) by authorizing a property tax levy used exclusively to fund EMS, including related personnel costs, training for such personnel, medical supplies and equipment to deliver emergency medical care to your community. In 2014, voters again reauthorized this levy and it expires at the end of this year.

The Carbonado Town Council has passed an ordinance requesting an election to reauthorize this property tax to continue supporting the Basic (EMT) and Advanced (Paramedic) Life Support program in the Town of Carbonado. **This is not a new tax.** This is a reauthorization of the current property tax levy of up to fifty cents per \$1,000 of assessed valuation, each year for six (6) consecutive years, beginning in 2021. This levy is the primary source of funding EMS in the Town of Carbonado.
