Members Absent: Dylan Tran, Lauren Moore, Sharon Hanek, Tanya Durand (ex)

Staff: Stephanie Bray

Call to Order and Updates

The meeting was called to order at 3:04 pm.

Approval of Agenda

Stephanie asked for a motion to approve the agenda. Beverly motioned; Priscilla seconded; motion approved.

Child & Youth Outcomes for B-25

- Intent is to redefine the Outcomes dashboard that was presented at the January 4 B-25 Board meeting (see attached).
- Members had a conversation about the purpose of the dashboard.
 - Identify problem
 - What programs do we have that work on these problems?
 - How do we measure success? Key performance indicators?
- Dashboard is vague and gives a rough draft of high-level things for B-25 to work-on, but members would like a more detailed dashboard as well.
- Discussion that more data is needed. Where can we get this data? 211 is a potential resource.
- Has any Community Asset Mapping been done in Pierce County? Some members said they will do some research to see if they can find anything. Stephanie said she would ask around the department.
- Question was asked what are the development stages the Board should be striving for? Members would like to research this, so they have a clear understanding.

Next Steps

- Gather more information, such as data, for the dashboard.
 - Priscilla will work on the “whole” child - such as, what are the appropriate developmental stages for early childhood, school age, middle, school, etc., as well as social/emotional.
 - Kyle will work on key performance indicators for high school students and data to measure success.
 - Sharon Shadwell will work on behavioral health and social/emotional.
 - Vocational Training/Schooling was brought up. Priscilla said she can reach out to Tafona Ervin with Graduate Tacoma.
